☒ City Staff: Todd Juhaz
☐ City Staff: Jabra Khasho
☐ Officer Barrowclif
☒ Officer Patrick

☒ Steve Boughton (Washington County BTC, Tigard Bicycle/Pedestrian Committee)

ACTION ITEMS:

1. Forward Colleens THPRD Trails Committee notes to Todd J
2. Complete and forward minutes to Todd J

Public Participation Statement: The Bicycle Advisory Committee welcomes and encourages public participation during its meetings under the Citizen Communications agenda item and under any scheduled Public Forum items. Under the Citizen Communications agenda item, the public may raise bicycle-related issues that are not on this agenda for possible Committee review at a subsequent meeting. Under a Public Forum item, presentation and discussion by Committee members takes place and then the Chair may open the item for public input and discussion. Items are time limited at the Chair's discretion.

Staff Communications

Council Update (San Soucie): gave heads up that the Mayor will be giving city up date at a series of Town hall meetings. Tuesday 3/18 Council meeting will have a legislative session update and pretty fully consent of agenda. Of interest he mentioned a resolution to exempt three affordable housing residences from taxes. Also mentioned the 4/1 brief by TVF&R Chief Dyke and a 4/8 way finding system plan for the central part of Beaverton as well as reinvigorating the bike rack plan

Transportation Update (Juhaz): Reprinting the Bike Maps costing \$6,000 for 15,000 maps. This was unanimously seen as a valuable investment since everyone is out.

Police Update (Patrick): Reemphasized watch out for distracted driving and showed the group and ODOT travel advisory.

Member Communications

Extended invite to Ann Lake with the Community Cycling Center COO to come and talk with us. Had a discussion about social media presence and left it to the group to look at other League of American Bicyclist cites as to how it is featured on their website. (I sent a post out shortly after the meeting after looking at what Portland does. A personal thought is that we could become a path finding city by putting a discreet bicycle link on the front page, maybe connected with that QR code, and place that link around town with adjustments for where you are). Also, the group discussed maybe reaching out to the Arts Committee for social media and how to connect people to content. Suggestion was made to add a survey question to the Bike Beaverton registration of where you go to find information

THPRD Trails Committee

Colleen did the last meeting, notes forwarded earlier. John mentioned that the THPD trails group received a brief and was being approached for input on surfacing improvement plan. (my notes were a little confusing but I had a statement about this point for someone has applied for a grant to host a youth event in the morning for a community ride. I also just realized that I missed March meeting.

April: Richard
 May: Juan (TBD)
 June: Brian (TBD)

Tigard Bicycle / Pedestrian Committee Report

Meeting is from 5:30 to 6:30 in the Red Rock Conference Room

Meeting Adjourned about 8:00 pm. Next meeting is 4/10.
